Regarding Schools and Libraries Program CC Docket No. 02-6:
Request: Wavier of Deadline for filing Form 472 (Billed Entity Reimbursement Form) for recurring charges.

Dear Commissioners

We are respectfully requesting a wavier of the deadline for filing our Form 472 for reimbursements for funding year 2014-15, for the following contributing factors.

1. A vacancy in our Business Management position that caused us to be delayed in the computation of the exact and real amount for which reimbursements should be based..
2. A preoccupation with the requirements for filing the new forms for funding and PIA review during the application and funding stages for 2015-16. We still have one Form 471 for which no decision has been made.
3. A computer issue which delayed the filing of the form until after the deadline.

We filed a request for an extension of five days but we were informed that we must request a wavier of FCC rulings before the USAC School and Libraries can issue an extension of the time. We have participated in the E-rate program since the beginning of the program and have never had a late filing before.

Again we respectfully request a filing deadline extension for the following FRNs:

1. 2564718 Comcast Business SPIN 143003990 Amount of reimbursement \$766.88
2. 2574734 AT&T Mobility SPIN 143025240 Amount of Reimbursement \$1,550.22

We will be able to submit the Form 472 upon the granting of our wavier request.

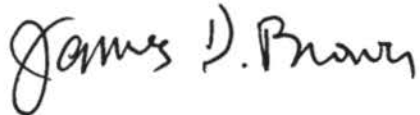

We value the Schools and Libraries program and we have been diligent in making sure we follow all of

No. of Copies rec'd 0+1
List ABCDE

the rules. As a small school district the program enables to better serve our students.

We again respectfully request that you grant us this wavier.

Sincerely,

A handwritten signature in black ink that reads "James D. Brown". The signature is written in a cursive style with a large, stylized "J" and "B".
